## *Focused On Success*

WRITTEN BY COUNCILOR CHRIS CONDIE

A big THANK YOU to all 11 candidates who ran for elected office. It's an honorable endeavor and sacrifice for this great city we all call home. I am grateful for the new friendships that were formed and look forward to working with you as we, Pioneer the Future of Lehi City.

Two of my kids started sports this year with the city recreation league.

One in basketball and the other in flag football. I noticed a common word I use when coaching, "focus". When focused, our children learn, comprehend, and pick up on instruction quickly.

The Mayor and City Council Members are focused on Lehi City's success. We understand the issues and know that Lehi's trajectory is pointed in the right direction. Each issue that comes before the Council deserves our full attention and consideration.

Two specific issues I would like to address. PARC tax and Lehi Fiber.

1. PARC tax - The residents have voted and passed the PARC tax. It's time for Lehi City to build our two regional parks. As the Council looks to finalize the concepts and begin engineering, I encourage Lehi residents to participate and help us build these parks that will benefit us for generations to come.

Also, investment in our Arts and Culture are desperately needed. Personally, I would be excited to begin investing in a Center that is worthy of the talent and sacrifice that is given in the extraordinary productions produced by resident volunteers. It is awe inspiring and worthy of our time and resources.

2. Fiber - Lehi is the tech epicenter of Utah and it's time for our city to have the Internet services to match. The Council fully supports Lehi building its own fiber network and working in conjunction with the private sector to operate, market, and provide Internet to residents of Lehi.

Lehi City has started negotiations with its selected partner and an announcement will be made soon. This new partnership is exciting and will bring world-class service to Lehi. It will make the market for Internet service more competitive and innovative. This is an investment that will help residents well into the future.

Lehi City has limitless potential. We can all be grateful for this wonderful city we call home during this Thanksgiving Holiday. As we work, communicate, and stay focused together we will pioneer our bright future.

- Chris Condie

**Help the Local Homeless this Holiday Season!  
Donate to the Utah County Housing First Fund  
Today!**

You can help make a real difference for the local homeless and those at risk of becoming homeless this holiday season by donating to the Mountainland Continuum of Care Utah County Housing First Fund! 100% of Utah County Housing First Fund donations go towards removing barriers to permanent housing for local homeless individuals and families or to prevent people from becoming homeless in the first place. All requests are made by service provider staff and no funding is ever given to the client directly. Since the fund was created, over 100 local residents have been served by these generous dollars.

The Mountainland Continuum of Care is a coalition of agencies in Utah, Wasatch, and Summit counties committed to ending homelessness in our community. The Continuum coordinates local efforts and pools resources to better serve our communities. The housing collaboration helps individuals along the housing continuum, from emergency shelter to homeownership.

Help the Continuum continue to help these vulnerable populations now and in the future! Donate today at [unitedwayuc.org/housingfund](http://unitedwayuc.org/housingfund)! For questions or more information, contact Heather Hogue at [heatherh@unitedwayuc.org](mailto:heatherh@unitedwayuc.org).

# Streets

## Parking and Snow Removal

Please be aware that parking on city streets during or for 24 hours following a snow storm is prohibited by Lehi City municipal code. In addition, from November 1 to March 30, parking on a city street is prohibited from 10 p.m. to 7 a.m.

Lehi Streets Division will prioritize snow removal on city streets during and after a storm. On average, the division plows 4,000 lane miles of road per storm. The Streets Division will begin with roads that receive the most traffic and then plow roads in residential neighborhoods.
