

Eagle Scout Project Information

As per direction from the National Council of the Boy Scouts of America, Lehi City does not keep an Eagle Scout Project list. This ensures that the scout comes up with an idea that is of interest to him and that is a need he sees in the community. Listed below is contact information for City Departments or Divisions that have worked with Eagle Scouts before on projects. Contact them regarding ideas with their program. For general questions, contact the Lehi City Volunteer Coordinator, Melanie Hansen at 385-201-2276 or mehansen@lehi-ut.gov.
