- Recognize and avoid danger.
- Verbal and physical options if confronted by a threat.
- Your legal rights as a citizen to defend yourself.
- Your expectations of our local police.
- How to keep your home and family safe.

In addition, we will discuss laws related to personal defense such as Utah's Stand your Ground Law, personal liability, and strategies on how to fortify your home. The presentation is geared for all ages and the presenter has over three decades of experience in law enforcement.
