

# BODY COMPOSITION TESTING

## QUICK FACTS

WHAT ..... Body Composition Testing  
 WHERE ..... Lehi Legacy Center  
 WHO ..... All are welcome  
 FEES ..... Resident \$14;  
 Non- resident \$21

## BODY COMPOSITION TESTING

Do you want to find out your percentage of fat or other useful nutritional information through a bioelectrical impedance analyzer? The Legacy Center offers a test that is based on the principle that the conductivity of an electrical impulse is greater through lean tissue than through fatty tissue, it has a +/- accuracy of 3%.

## MORE INFORMATION

- The test takes approximately 15-minutes.
- 24-hours prior to testing avoid caffeine and alcohol.
- 4 hours prior to testing, no exercise or food...water is okay.
- Be fully hydrated.
- No lotion on test sites. The test requires that leads be placed; one on the right foot and ankle, and one on the right wrist and back of the hand.

*Warning: Testing should not be done with those individuals with pacemakers, internal defibrillators, diagnosed heart problems or pregnancy.*

## REGISTRATION
